

- ☐ **Declutter first** - this will save you time, money and space and you'll need fewer boxes
- ☐ **Write a list** - have a clear order of which rooms to pack first and last. Pack items you use on a daily basis last and pack less used items like gardening equipment first
- ☐ **Pack early** – give yourself plenty of time at least a month before you move and pack one room at a time
- ☐ **Choose high quality, strong packing boxes**. We can supply a self -pack kit that can be collected from our depot or delivered to your home.
- ☐ **It's tempting but don't overfill boxes** as this can put the contents at risk of damage when moved
- ☐ **Don't forget to label your boxes** with the items they contain and the room they are to go in when you get to your new home.
- ☐ **Use big boxes** for your lighter things and **small boxes** for heavier things
- ☐ **Padding around items** help to keep them safe. You can use blankets and towels as well as bubble wrap and paper too which we can provide
- ☐ **Hanging wardrobe boxes** are great for packing clothes and we can provide these.
- ☐ **Remember** to keep all screws and bolts when you have dismantled furniture
- ☐ **Mattresses** - We can provide special single and double mattress covers which will protect from dirt, dust and the occasional Scottish shower!
- ☐ **When packing kitchen items** like knives its always best to put them in protectors if you can or wrap them securely in paper
- ☐ **Bubble wrap** is best for wrapping glasses and always place the glasses in a box with the widest part facing down
- ☐ **When packing the contents of your shed** or garage always make sure any sharp items are wrapped well and clearly marked as sharp to avoid injuries.
- ☐ **Remember** we won't be able to move fertilisers or hazardous substances
- ☐ **Talk to us first** if you have any special items like antiques – we can provide specialist protection and also advise on taking out additional insurance if needed
- ☐ **Keep all important documents** like passports, certificates, licenses etc. in a folder and label the box so you know where they are

- **Pack a box of essentials** - some important things you may want to include are toilet roll, phone charger, soap, towels, a change of clothes, cleaning products, Hoover, kettle and tea/ coffee, small amounts of cutlery
